

# RAUL JAIME PIVET

Logistics Operations Specialist & Business Solutions Developer

jaime.pivot@gmail.com | +1 (305) 540-6846 | Cutler Bay, FL 33189

## PROFESSIONAL PROFILE

**9+ years** transforming manual logistics operations into automated, data-driven solutions. Specialist in **Microsoft Power Platform** and **Python development**, creating tools that reduce operational costs and improve team efficiency. Proven track record reducing negative inventory through custom dashboards and predictive analytics.

## WORK EXPERIENCE

### Logistics Assistant | Encofrados J. Alsina S.A. - Hialeah, FL

*February 2025 - Present*

- **Reduced negative inventory significantly** by developing advanced analytics tools using Python (Streamlit, Pandas) and Power BI with TypeScript custom visuals
- Automated daily inventory analysis dashboards, processing data from 30+ warehouses globally
- Created web applications for random inventory audits and real-time stock analysis
- Designed automated workflows with Power Automate for mass email reporting and ERP data integration

### Logistics Coordinator | Merflex - Doral, FL

*March 2024 - January 2025*

- Coordinated international operations between China, Miami, and Bogotá for Temu/Shein products
- **Systematized key procedures**, achieving significant reductions in operational times
- Developed mobile applications for merchandise reception/dispatch with automated reporting

### Warehouse Manager | Sodexo - Minera Collahuasi - Iquique, Chile

*January 2021 - June 2023*

- **Led team of 20 people** in rotational shifts (7x7), ensuring operational and safety objectives
- **Reduced inventory errors by 30%** implementing mobile inventory control app with AppSheet
- **Improved operational efficiency by 25%** through automated reporting in Google Sheets and Excel

### Administrative Specialist | Sodexo - Minera Escondida - Antofagasta, Chile

*August 2016 - January 2021*

- Represented Food Warehouse in national meetings to improve logistics and supply processes
- Analyzed data for weekly cost presentations, providing key insights for financial decisions

## EDUCATION & CERTIFICATIONS

**Business Administration (Logistics Specialization)** | IACC - Santiago, Chile | 2017-2020

- **Python AI Development** (Nov 2025) - Advanced Python, LLMs, APIs integration
